perience, the children studied life in America from the early 1800's to the Civil War from many perspectives. They researched clothing, games, food, school subjects, arts, literature, and attitudes of the era in order to make this culminating social studies activity as authentic as possible without great expense. With an eye for historic detail and imagination from their own closets and attics, they came dressed as children of the period.

Thanks to the enthusiastic support of the parents an authentic picnic lunch was enjoyed by the students, who also snacked on dried apples they had prepared in school two weeks earlier.

In order to carry out this spirited recreation of history Miss McQuillan had visit-

Selectmen's Meeting

STATE PARK AT HOLLY WOODS

Mr. Robert Yara of the Massachusetts Department of Environmental Management met with Selectmen at his request to acquaint the Board with plans for 218 acres of land at Holly Woods in Mattapoisett. Mr. Yara

told Selectmen that several weeks ago Mrs. Earle Boardman had contacted his office and inquired about the possibility of keeping this parcel as open land for the public to enjoy in its natural state. Mr. Yara inspected the property and found it to be beautiful natural land with a view of Buzzards Bay. He said that the State is very interested in preserving such land so that people can view the sweep of the bay. He said that the land has no beach so the use would be for picnicking, natural trail and trailer use. Yara suggested to the Boardman family that federal funds might be available for the preservation and, with their consent, applied for a federal grant of $750,000 before the official cut-off date. The application was received by federal authorities. No decision has been received as yet.

If the grant is received, Yara said, the Selectmen will be asked to appoint a committee to manage the property and he suggested that the Boardman family be represented on the committee. The property would be under the care of a

He said that would not be a significant tax loss to Mattapoisett in

that taxes would be computed by using a State average assessment and the state would return the amount to the town via the "cherry sheet".

Chairman R. William Blasdale said that the Board of Selectmen would like to look at the land and see how people would reach it. He said the town would have an interest in any increased traffic flow. He asked, "What is our role?" Yara replied that he was looking for town support. Blasdale replied that while, personally, he might find the concept super, he represented the town and in that capacity he needed input from the neighbors and the town in general before any official support could be given. He thought that the town should be consulted. Mrs. Dorothy Boardman said that preserving the site in this way would be exactly what her husband would want. She said that nothing would change from the way the land is at present.

The Selectmen and Mr. Yara agreed that a general information meeting would better inform townspeople and such a meeting is scheduled for Tuesday, May 20, at 7:30 p.m. at the Conference Room at Mattapoisett Town Hall. Mr. Yara will be present to explain the concept and answer questions for the townspeople.

GOODSPEED ISLAND DISCUSSION

Attorney James Huntoon appearing in behalf of Daniel Mahoney requested Selectmen arrange a meeting with Mr. Mahoney and petitioners who oppose access to Goodspeed Island via the sewer right-of-way. He said that such a meeting might be useful in exchanging information that could spare the town the expense of a special town meeting. The Selectmen agreed and set the meeting for Thursday, May 22, in the Town Hall Conference Room.

BEACH OPENS JUNE 21st

Beach Director Al Boucher discussed personnel to man the town beach which will open June 21st for 10 weeks. Mr. Boucher said that Andy Wingate and Wayne Caswell will be returning and he recommended that Lynn Anthony and Christopher Black be hired as swimming instructor and life guard with Ross Dyer and Michael King as night life guards. Mrs. Ada Delano will be matron and Mrs. Myrtle Spagnoli will be her assistant. Mrs. Beatrice Ingram and Mrs. Bernice Heuberger will be parking lot attendants.

POLICE WORK CHANGE REQUESTED

Chief of Police Duane Tuttle requested that no full or part time police officer employed by Mattapoisett be employed as a police officer in any other town on a full or part time basis.

Selectmen will accede to this request effective July 1, 1980 unless the Police union has an objection in which case consideration will be given to that input.

ROUTE 6 RESURFACING

Selectman John DeCosta noted that Vito Cassese, District Highway Engineer, has applied to the Massachusetts legislature for $1,500,000 in funds to resurface Route 6 as now laid out (4 -- 11 foot lanes) which application is hoped to be approved before June 30, 1980. Mr. DeCosta suggested that the Board of Selectmen send a letter expressing the support of area residents to our representatives asking them to support this outlay. The Board will send the letters.

his grave very often. I don't have to, I think of him."

It's many years later, and I think of my Dad and Bud and of the many people who were part of my life in another time.

On my desk there is a great clutter of paper, telephone books, pads, notebooks, etc. Under that, there is a half inch thick layer of sand which, in its natural state, is opaque. Through the process of fusion, under great heat, this layer of sand became a sheet of plate glass. This plane is now transparent. Every few months a yellowed clipping appears in a space in the clutter. This is a reproduction of that clipping. My father put it there but he didn't have to. I think of him and the way he lived and that message is greater by far. Even so, I'm glad he left it for me to discover.

Don't Quit

When things go wrong, as they sometimes will,
When the road you're trudging seems all uphill,
When the funds are low and the debts are high,
And you want to smile, but you have to sigh,
When care is pressing you down a bit—
Rest if you must, but don't you quit.

Life is queer with its twists and turns,
As every one of us sometimes learns,
And many a fellow turns about
When he might have won had he stuck it out.
Don't give up though the pace seems slow—
You may succeed with another blow.

Often the goal is nearer than
It seems to a faint and faltering man;
Often the struggler has given up
When he might have captured the victor's cup;
And he learned too late when the night came down,
How close he was to the golden crown.

Success is failure turned inside out—
The silver tint of the clouds of doubt,
And you never can tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're hardest hit,—
It's when things seem worst that you mustn't quit.

FOR YOUR DANCING PLEASURE

Saturday Night

Tom and Betty Farrell

To some, May is the most spiritual month of the year. The great beauty of rebirth is everywhere in the brilliant color of trees and shrubs and flowers and the climax of this month is Memorial Day. No wonder General Joshua Logan was inspired to ask that boughs and blossoms be placed on the graves of heroes. Not in glorification of war - far from that. No one hates war as much as a soldier. It was in celebration of peace and in honor of those who gained it at mortal cost.

Modern medicine has its own miracles. There are now many people who have returned from the clinically dead. Their experience has been similar. They rise to another plane of existence and some are actually met by people who have died sometime before. On Memorial Day, we have the feeling that the two planes are very close. That what is opaque to our eyes is crystal clear from the other side of the surface. That the people who live in our genes and brain cells are looking through and experiencing with us a joyful communication. That what we say doesn't matter at all; that what we feel is everything.

MECA Blood Drive

SHARE SOMETHING SPECIAL

You have a chance to share something very special this Memorial Day weekend on Tuesday, May 27 - your blood. There will be a Bloodmobile at the Mattapoisett Congregational Church from 2 to 8 p.m., sponsored by MECA on that day, and blood donors will be urgently needed.

According to Laura Horne, chairman of the Mattapoisett Blood Committee, patients need blood every day and are depending on healthy members of the community to voluntarily donate the blood they need.

If you are in good health, between 17 and 65 years old, weigh at least 110 pounds and have never had hepatitis, you can probably donate blood. It's a simple and gratifying act which takes less than 10 minutes.

Your single donation, which is just under one pint, can be separated into four or more parts, each of which can be used to help a different patient. Your body quickly replaces the donated blood and you may safely donate every 56 days.

THE LAST BLOODMOBILE IN MATTAPOISETT BROUGHT OUT A RECORD CARING CROWD. MECA HOPES TO REPEAT OR SURPASS THE PERFORMANCE ON MAY 27.

Since whole blood must be used within 21 days of donation, and some of the parts within a few hours, the need for donors is constant. This is especially true during the summer when vacations, hot weather and school closings often add up to fewer donations than are needed.

At our last community bloodmobile Mattapoisett area people donated 71 pints of blood - a record for our community. Help us surpass this record - save a life - do-

"All New" POPS

The "all-new" Tri-County Music Association POPS at Tabor June 21 is just that; new time (8 p.m.), new excitement (dancing), and a new feature (continental breakfast).

"It's our salute to the 1980s," said Chuck Ganzel, association president. "It's maximum fun and quality at a minimum price."

Tickets go on sale Saturday, May 31, at 10 a.m., continuing non-stop until 2 p.m. at the Bowl-Mor Alleys, Route 6, in Mattapoisett.

All seats are reserved, and people can pick their seats and tables then and there. Co-chairman John Atkinson said this has proven to be the fairest way to handle it - first-come, first-served.

John Pandolfi and the Regional Symphonic Band are preparing a program of semi-classical and popular music for the concert and everyone is invited to watch or dance to the music of a 15-piece dance band from 9:45 until 12:30 a.m. Homemade breads and bars and coffee being gathered by Margaret Smith will be served around midnight.

It all takes place at Tabor Academy's Hoyt Hall and is a great way to greet the summer season.

Pharmacists and Doctors Recommend Naturslim II® !

Dear NaturSlim,
After hearing so much about your new NaturSlim II® weight loss program, I decided to try it myself. In my many years as a pharmacist, I've tried numerous weight loss plans, but none have worked as well for me as NaturSlim. In the last 5 weeks I've lost over 20 pounds, which was surprisingly easy. I didn't have to starve myself or do any special exercises. NaturSlim II® is a natural way to lose weight without drugs or shots.
You have a fine product and I recommend it highly.

DID YOU LOOK IN YOUR MAILBOX TODAY?

"John, did you see the mail today? We received a letter from the Marion Art Center asking us to join."

"Martha, what's that?"

"Well, John, if you'll just turn down the volume on the Red Sox game, I'll tell you. It says here that the Art Center offers the community theater, art gallery, and classes in dance, painting, and pottery."

"Martha, we don't need to join anything else!"

"But John, where else in southeastern New England can we find this combination of community theater, art gallery, and classes - all in one central location? And John, there are discounts for members on classes for the kids and for us too. That Dancercise class is just what I need to get into

Today, it seems like most every famous designer has put his name on a shirt.

The problem is that great designers aren't often great shirtmakers.

And one by one the shirtmakers who became famous for the quality of their shirts disappeared. Except for one.

It's easy to see the difference in Sero quality. And it's easy to understand the reason for the difference. Today, Sero makes their shirts the same way they made them 35 years ago. Carefully and painstakingly. And they still make them where they can keep an eye on quality.

NURSING HOME PATIENTS ENJOY TRIP

A good time was had by all Thursday morning when 11 patients from the Mattapoisett Nursing Home enjoyed a trip to the POPS Concert at Dartmouth High School. The excursioners not only heard the band that played at Lake Placid, they returned with gifts of "Pops" balloons, yardsticks, and the promise of this becoming an annual affair. Representatives of the Council on Aging, who planned the trip, reported that all arrangements were excellent, and thank the Dartmouth Police for efficient and tender help.

A new distance record of 16 miles was set by two students: Mark Boulanger, 5th grade; and John Dwyer, 6th grade. Another remarkable achievement was set by two first graders: Scott Hartley and Teddy Pottel, who each walked 14 miles.

The students walked a two-mile route around the school. Their name tags were checked

FIELD WALK - MAY 17th

Craig Newberger, a naturalist and teacher from Westport, will give the morning walk on "Wild Edibles". Early springtime has much to offer in the way of new shoots, roots, and greenery. Also, flowers that are coming into bloom, if prepared in the right way, can make a tasty, new supplement to our regular diet. Try some! Walk is FREE, begins at 10:00 a.m., Saturday, May 17th. No age limit.

SATURDAY PROGRAM - MAY 17th

For all serious Fossil Hunters, the Children's Museum announces a very unique program. We're going on a Real Fossil Hunt! Along the shoreline in Portsmouth, R.I. there is a coal deposit rich in fossils from the Coal Age. Mr. Lee Vargas of New Bedford will lead the hunt and explain how plants and animals became fossilized millions of years ago. He will teach us how to excavate and make our own discoveries. The area we will be visiting is an exposed, level beach area. There will be no rock climbing, but small hammers, chisels, protective eye wear and gloves are necessary. This exciting adventure is open to seven years old

Heritage Day is an annual event sponsored by the Massachusetts Junior High/Middle School Principals' Association. Its purpose is to provide outstanding students from across the Commonwealth with an opportunity to visit a site which commemorates important events and persons from our past. The event provides students with an opportunity for contact with persons, places, artifacts, and ideas that they do not ordinarily encounter in their classrooms. In this instance, Dave Powers, a personal friend of John F. Kennedy and the Museum curator, spoke to the students.

The students from Old Rochester were accompanied by Mr. H. Stevens Browne, a teacher in the school. Mr. Gardner, the Principal, who is a member of the Heritage Day Committee, also accompanied the group to the Kennedy Memorial Library.

GOLF - The ORR golf team had a disappointing loss to New Bedford High early in the week. Coach Cameron commented that it was the worst match they had played all year. Paul Andrews shot a 48, Ted Drew shot a 49, Eric Enroth had a 48, Karl Enroth had a 46, Mike Santos shot a 54, and Dennis Mello had a 60. The final score was Old Rochester 4, New Bedford High 5.

VARSITY BASEBALL - The baseball team had only two games this week. First, they beat New Bedford Voke 3-1. Jeff Hoff pitched a fine game and now has a season record of 4-1, and Tom Majestic had 2 hits.

ORR then took on Falmouth but unfortunately lost 7-4 in 8 innings. Carlos Cohelo, Marc Beaulieu, and Jeff Pavao had 2 hits each, and Beaulieu took the loss.

GIRLS' TRACK - The girls' track team won their meet against Stang by a very close score of 60-58. The winners for ORR were Janice Hagemann in the shot, Mona Walker in the high jump, Verkade in the hurdles, Amy Dawson in the 100 and also in the 220, Laura Verville in the 400, and 4 x 110 relay squad of Tengby, Silva, Sylvester and Ouimet.
